LETTER OF RECOMMENDATION

To Whom It May Concern,

I am pleased to recommend Mr. Mahmud Hasan, whom I have taught for two years at Dhaka College in the Higher Secondary science programme. Mahmud consistently ranked among the top students of his cohort and demonstrated exceptional aptitude in mathematics, physics, and computer studies.

Beyond academics, he showed strong leadership as the secretary of the college science club and organised the inter-college programming olympiad in 2024. He is disciplined, curious, and dependable.

I recommend him without reservation for admission to your undergraduate programme.

Sincerely,

Dr. Anwar Kabir

Associate Professor, Department of Physics

Dhaka College Date: 24 February 2026
